MEMORANDUM

To MAYOR AND MEMBERS OF COUNCIL

From Terence L. Julian

Dept. _____

Dept. City Clerk

March 9, 1978

LADIES & GENTLEMEN:

SUBJECT:

Tax Adjustments

ORIGIN:

Section 636(a) & 636(b) of The Municipal Act

COMMENTS:

A number of applications have been received by the City Clerk under Section 636(a) and 636(b) for adjustments in 1977 taxes.

Applications under Section 636(a) are for the cancellation, reduction or refund of taxes. Three applications have been received under Section 636(b) for an increase in the 1977 taxes where a gross or manifest error has occurred.

Council may reject an application, cancel, reduce or refund the taxes under Section 636(a) or increase the taxes under Section 636(b) as the case may be.

The Municipal Act provides for an appeal by the applicant to the Assessment Review Court from the decision of Council, or where Council refuses to hear or dispose of an application regarding the above mentioned matters.

RECOMMENDATION:

That the list of recommendations attached to the report dated March 10, 1978 to Council from the City Clerk regarding tax adjustments under Sections 636(a) and 636(b) of The Municipal Act be adopted.

Yours very truly,

Terence L. Julian
City Clerk

MEMORANDUM

UB-1

To Mayor & Members of
Dept. Council

From Basil T Clark Q C
Dept. City Solicitor

8 March 1978

SUBJECT : Kaneff Construction - fourth site - Parts 6, 7, 8, 9, 10, 11 & 19 - Plan 43R-4627.

COMMENTS : Council at its meeting of February 27, 1978, adopted a resolution giving the Planning Department the authority to release for processing the fourth site of lands owned by Kaneff Construction, located at the south-east corner of Elm Drive and Mississauga Valley Boulevard.

Kaneff Construction is proposing to use the fourth site for the construction of a 24 storey apartment building, which is to be composed of 284 suites, plus one superintendent's suite, divided into 95 two-bedroom suites (including the superintendent's suite) and 189 one-bedroom suites.

The project is to be financed through a C.M.H.C. mortgage and through private investment. Mr Kaneff proposes to sell the apartments to private investors and, at the same time use the apartments for residential rental accommodation only. To achieve this end, it is proposed that the building and site be legally established as a condominium corporation, while the individual suites in the building are used as rental accommodation. Mr Kaneff's company would act as the Property Manager and leasing agent for the condominium owners.

COMMENTS : (Continued).....

This proposal is an attempt to meet the need for more affordable rental accommodation within the City and although a new concept is not contrary to law in so far as the rights, powers and duties of the City are concerned.

The City has established policies relating to the parking requirements for rental apartments and for condominiums. These policies are based on land use and, although the proposed building will be legally a condominium, its use will be rental apartments, and the policy should be interpreted to reflect this use.

RECOMMENDATION: It is therefore recommended that Council approve in principle, subject to all usual planning and engineering approvals, the proposal by Kaneff Construction to construct a building which will be a condominium as to ownership and title, but rental as to use. It is understood that this approval in principle is subject to Kaneff Construction formally filing with the Clerk of the City of Mississauga a complete description of the organization and method of financing of the project prior to March 22, 1978.

Dear Sirs:

Re - KANEFF DEVELOPMENTS
Phase IV - Parts 6, 7, 8, 9, 10, 11, 19
Plan 43R-4627 (Pt. Block G, Plan 957)
Mississauga

Further to our telephone conversation of Friday March 10th, this letter is to supply with with facts that might be of some help to yourself and the members of Council is making your determination herein:

1. It is impossible for a builder today to construct a building purely for rental purposes since the rents are not high enough to cover the cost of land and building. Therefore by selling to private investors who can take advantage of the income tax provisions, the deductions under the Income Tax Act to the private investor makes up for the loss of rental income and the loss incurred overall in the purchase of the unit. This also helps in attracting the private investor to Ontario and Canada rather than investing money abroad.

2. Central Mortgage and Housing Corporation is in full agreement with this procedure since they are anxious to see this type of development go ahead. Funds have been allotted for this project to Kaneff and it could very well be that there will be no further funds for any more projects of this type in the foreseeable future.

The reason for the condominium status requirement is that individual investors would prefer to own that is have a deed, rather than a % of shares, which is the method being used by some builders.

We submit that this is not the best way to create an interest for the investor and we strongly recommend that Council together with our client show the investors that they are anxious to create both rentals and to create a security capable of attracting investors.

Yours very truly

WEIR AND MARKSON.
